

Chiefland Middle High School

CMHS Mission Statement

We, the faculty of CMHS, believe our purpose is to challenge and prepare students to become productive, responsible citizens. We will encourage students within a caring and challenging community to set Achievable goals and strive to reach these goals through personal excellence.

Any 8th Grader interested in helping plan the 8th Grade Formal, Please see Mr. Dettloff to sign up.

Middle School Yearbooks

Middle School Yearbooks are on sale . The price is now \$25. Order now so that you will be sure to get a copy. The yearbooks will be here in May, and if you wait to get one, the price will be \$30. Get yours before they are sold out! You may pay with Cash or Check at the School. Don't delay! See Mrs. L. Beauchamp if you have questions.

Chiefland Middle High School STUDENT OF THE MONTH

Coburn Hardee, 8th Grade

Chiefland Middle is proud to announce Coburn Hardee as our student of the month. Coburn is kind, dedicated and a respectful student. He always strives for excellence. He is always engaged, prepared and a hard worker. He is a great example of someone who makes the most of the time he has in the classroom. He is always on task. He is very well liked by his peers and is a great representative for CMHS Student of the Month.

Jaycie Anderson, 10th grade

Jaycie is a hardworking student who always strives to do her best. She is also very involved in the CHS track team. She is a leader that continually displays school pride, determination, and a strong will to be successful.

Science Field Trip Cedar Key 4/13/18-See video posted on CMHS website.

On Friday April 13th Chiefland Middle High School science students from Mrs. Drummond's and Ms. Weingart's classes went on a field trip to visit the new University of Florida Biological Research Station in Cedar Key. Our superintendent Mr. Jeff Edison took time out of his busy schedule to help chaperone our trip. We were given a tour of the new research facility and students got to talk with scientists about the research they are currently conducting. Students also visited a John Rains beach and with the assistance of UF scientist Hannah Healy and educational specialist Katherine Hellgren collected and identified local marine life using a seine net. In addition the students conducted a transect study to determine the amount of biodiversity found on the shoreline. We would like to thank Mr. Edison for spending the day with us and the UF personnel for sharing their expertise.

A great time was had by all!

Congratulations to students that earned industry certification in Adobe InDesign, Flash, Photoshop CC, and CIW-Internet Business
